11. Mr. Nanjappa has since been granted four month's leave with effect from 13th February 1939 preparatory to retirement and he ceases to draw the lectureship allowance of Rs.50/- p.m. during the period of leave. He will, therefore, be entitled to a superannuation pension of Rs.410-12-0 on retirement from 13.6.1939.

12 Mr. Nanjappa was permitted to draw Rs.750/- in the revised grade of Rs.500-50/2-750 from 29.10.1935 and he was given a personal pay of Rs.800/- from 29.10.1937 i.e., two years later. Thus, at the time of his retirement, he would have drawn Rs.800/- for 1 year, 7 months and 14 days. The gist of his present representation is that if the old grade of Rs.700-50-800 had continued and if he had been promoted to it in the usual course, he would have drawn the pay of Rs.800/- for a much longer period and that would have entitled to him to a much higher pension.

13 Prior to the re-organisation of the Medical Deptt., Mr. Nanjappa was Surgeon, 3rd class (Rs.550-25-700) and was the most senior of the men in that grade. If Dr. Noronha who was immediately above him had retired on his attaining 55 years of age, Mr. Nanjappa might have been promoted to the next higher grade of Rs.700-50-800 from 3.12.1933 and in that event, he would have drawn a substantive pay of Rs.800/- for over three years prior to

And taking into consideration the lectureship allowance of Rs.50/- also which he has been drawing all along during the entire period of three years, Mr. Nanjappa would have been entitled to a superannuation pension of Rs.422-4-0 as per calculation noted below, instead of Rs.410-12-0 admissible under the rules.

Under no circumstance would he have been entitled to a pension of Rs.450/- prayed for by him in his representation.

15. That this is a peculiar case has been recognised and some concessions have already been shown to the officer on this ground.

16. I do not know whether Mr. Nanjappa has been relieved of his teaching work in the Medical School or whether he is allowed to continue on school work during leave.

17. The L.S.G. Secretary suggests that the officer's pay may be taken as Rs 800/- from 13th June 1936 for the purpose of pension.

18. As observed by the Dewan in his minute dated 28th July 1935 in C.B. File 91 of 34 (flagged H) the ground that "because Mr. Noronha was given an extension, Mr. Nanjappa suffered and so on is beside the point".

19. Mr. Noronha was actually retired from 3rd June 1935 and if the old scales of pay had existed, Mr. Nanjappa would have been promoted to the grade Rs 700-50-800 only on this date and in view of the fact that he had previously acted in this grade for over 4 months, he would have got Rs 800/- at about the end of January 1937. The utmost concession which can be shown in this case is to treat the officer as having drawn a pay of Rs 800/- from 1st February 1937 as a very special case for the purpose of pension only. This will give him the benefit of a higher pay for pension for about 9 months and the pension he will get will be almost the same as he would have drawn if the old scales of pay had existed.

With his letter No. C. 2580-1 dated 26th December 1938, the Senior Surgeon has forwarded the representation of Mr. B. Nanjappa, Surgeon (on leave) requesting for the grant of a pension of Rs 450/- per mensem on his retirement from service from the 13th June 1939 and recommended that, in view of the long and approved service of 30 years put in by Mr. Nanjappa, his prayer may be considered favourably. Sir,

I have the honour to forward herewith for such consideration as Government may deem fit, a representation in original received from Mr.B.Nanjappa, Physician, Victoria Hospital requesting that his prayer to secure a pension of Rs.400/- after his retirement may be sympathetically considered.

Mr.Nanjappa was permitted to draw a pay of Rs.800/- as a special case in the old grade of Rs.700-50-800 after having drawn the pay of Rs.750/- for two years. He explains that had he been permitted to draw Rs.800/- in the usual course, it would have improved his average emoluments and enabled him to earn the maximum pension.

In view of the long and approved service of 30 years put in by Mr.Nanjappa, his representation may receive some consideration.

S I R,

I beg to submit this respectful representation for favourable consideration with your strong recommendation in continuation of my representation of the 4th June 1938, a copy of which is herein enclosed for ready reference.

I feel deeply thankful to your kind self and Government for the great consideration shown to me in respect of my official preferment in fixing me in the old grade of Surgeons done away with in retrenchment and such consideration to an old man shortly to vacate his official seat is doubly blessed.

But there is one direction in which it has left me without relief that is in respect of the terminal emoluments that are taken into calculation for average salary for purposes of pension. I have been permitted to draw Rs.800 in the old grade Rs.700-50-800 two years after drawing Rs.750, which pay (Rs.750) was belated and this has resulted in my being in possession of terminal emoluments of only 19½ months. I was given that grade as I acted in this, on two previous occasions. Hence I presume I was granted this privilege. Had it been one year earlier according

17

according to the old grade, it would have added another year and this has undoubtedly taken away a great part of the relief.

Unlike several others who have enjoyed extensions to add up to terminal emoluments, I have not been fortunate enough to get the necessary period of extension or addition to service. At the end of thirty years of service I find myself at no near prospect of taking this average which, but for the retrenchment of grades, I would have got in the usual course.

My present prayer is that Government will sympathetically consider the case of its employee to secure a pension of Rs.400 per mensem, as has been done in some cases in the past wherever exceptional hardship was involved and the extension of an analogous sympathy in my case is prayed for.

This virtually means that though promotion is given retrospectively, still Government recover the excess emoluments by refund so as to allow me to get the necessary average pay for earning half pension on my terminal pay.

I do not wish to trouble Government more than to conclude by saying that I have a large family of children some of whom, though well qualified, are unemployed and dependant upon me in these hard times and this relief will help me in my old age after this long period of unblemished service of thrity years. For which act of kindness and generosity I shall ever feel grateful.

I beg to remain,

Sir,

I beg to submit this respectful representation with a brief recapitulation of certain purely personal qualifications of mine which are not unknown to you and which I note below:-

1. I am one of the two or three qualified Bachelors of Medicine and Masters of Surgery (Madras) now in employ in the Mysore Medical Department.

2. I have put in a very long service of 29 years during which I have filled the responsible places of Resident Medical Officer and Medical Officer in charge of the Krishnarajendra and Victoria Hospitals, premier institutions in the State and have also acquired administrative medical and professional experience by service in these institutions and also outside in the Districts as District Medical Officer.

3. I trust and believe that I hold an unblemished record of efficient service which has given satisfaction both to Government and the Public.

4. I am the son of late Gurukar Basavalingiah of Palace employment well known in Mysore as coming from a very respectful family.

20

Possessing these advantages, I should have in the usual course obtained the normal expectations of rise in the service and also the reasonable standard of emoluments in the usual course. But to my misfortune, administrative needs have apparently moved Government to grant extensions to certain senior officers of the Department and in the mean time the pursuit of retrenchment measures has reduced the emoluments in the grade to which I should have risen, during the period of the said extention for the new promotees as against the old higher rates. In the case of an officer like me who has but a few years of service before I retire, this has hit hard, particularly as the maximum of the grade had been reduced from Rs 900/- to Rs 750/-, so that my terminal average of emolument to counting for pension will be reduced. I had on previous two occasions acted in the higher grade before the retrenchment set in and but for the economy measures would no doubt have obtained those rates of pay.

To add to my troubles, the recent change on my appointment as Medical Officer of the Victoria Hospital has added to my responsibility and work with loss of allowances that I had been previously drawing and has hit me hard financially particularly at a time when I have not many years at my disposal before attaining the age of Superannuation.

In the light of these facts I appeal to you, Sir, to move Government to consider my hard situation and permit me as a special case, particularly in view of my medically efficient and long record of service, to draw Rs 800/-, the maximum of the old grade personally from the date on which, by the normal operation of rules, I become entitled to draw Rs 750/- in the new grade in force and which I hold at present.

Cases are not wanting where Government have dealt with their Officers sympathetically and I appeal to their kind and merciful consideration.

I beg to remain,

Sir,

Your most obedient servant,

Sir,

Referring to my request contained in my letter dated 22-12-1938 in re. the grant of a pension as though I have drawn Rs 800/- as substantive pay for three years and in the light of the hard ship suffered by me due to no fault of my own, I beg to state that I had inadvertantly omitted some of the emoluments drawn by me in the past for the purpose of Average Emoluments and the request for the grant of pension was intended by me to be at Rs 450/- and not Rs 400/- as stated in that letter. This fact may kindly be placed before Government for their sympathetic consideration at the end of my very long unblemished record of 30 years service in the Medical Department

Thanking you for past favours and requesting you to kindly support my prayer.

I beg to remain,
Sir,
Your most obedient servant,
